		POLICY
		Each public education agency will ensure that all children with disabilities within the boundaries of the public education agency, including children with disabilities who are homeless or wards of the State, and children with disabilities attending private schools or home schools, regardless of the severity of their disability, and who are in need of special education and related services are identified, located, and evaluated.
		PROCEDURES
		<p>Individuals with Disabilities Education Act (IDEA '04) 34 CFR §300.111 Child Find</p> <p>1) Unified School Districts, Elementary School Districts, and Union High School Districts will identify, locate, and evaluate all children with disabilities within their geographic boundaries who are in need of special education and related services.</p> <p>This must include:</p> <ul style="list-style-type: none"> a) Children who are homeless; b) Children who are highly mobile, including migrant children; c) Children who are wards of the state; and, d) Children who are attending private schools or home schools. <p>Charter Schools will identify, locate, and evaluate all children with disabilities within the population they serve who are in need of special education and related services.</p> <p>2) Child find must also include children who are suspected of being children with a disability and are in need of special education, even though:</p> <ul style="list-style-type: none"> a) They are advancing from grade to grade or b) They are highly mobile children, including those who are migrant children. <p>3) Each public education agency will maintain a record of children who are receiving special education and related services.</p>
		<p>AAC R7-2-401.C Public Awareness</p> <p>1) Each public education agency shall inform the general public and all parents within the public education agency's boundaries of responsibility of the availability of special education services for students aged 3 through 21 years and how to access those services. This includes information regarding early intervention services for children aged birth through 2 years.</p> <p>2) School districts are responsible for public awareness in private schools located within their boundaries of responsibility.</p>
		<p>AAC R7-2-401.D Child Identification and Referral</p> <p>1) Each public education agency shall establish, implement, and make available (either in writing or electronically) to its school-based personnel and all parents within the public education agency boundaries of responsibility, written procedures for the identification and referral of all children with disabilities aged birth</p>

through 21, including children with disabilities attending private schools and home schools, regardless of the severity of their disability.

- 2) Each public education agency shall require appropriate school-based personnel to review the written procedures related to child identification and referral on an annual basis. The public education agency shall maintain documentation of school-based personnel review.
- 3) Procedures for child identification and referral shall meet the requirements of the IDEA and its regulations, A.R.S. Title 15, Chapter 7, and the State Board of Education rules R7-2-401.
- 4) The public education agency responsible for child identification activities is the school district in which the parents reside unless:
 - a) The student is enrolled in a charter school or public education agency that is not a school district. In that event, the charter school or public education agency is responsible for child identification activities;
 - b) The student is enrolled in a nonprofit private school. In that event, the school district within whose boundaries the private school is located is responsible for child identification activities.
- 5) Identification (screening for possible disabilities) shall be completed within 45 calendar days after:
 - a) Entry of each preschool or kindergarten student and any student enrolling without appropriate records of screening, evaluation, and progress in school; or
 - b) Notification to the public education agency by parents of concerns regarding developmental or educational progress by their child (aged 3 years through 21 years).
- 6) Screening procedures shall include vision and hearing status and consideration of the following areas: cognitive or academic; communication; motor; social or behavioral; and adaptive development. Screening does not include detailed individualized comprehensive evaluation procedures.
- 7) For a student transferring in to a school, the public education agency shall review enrollment data and educational performance in the prior school. If there is a history of special education for a student not currently eligible for special education, or of poor progress, the name of the student shall be submitted to the administrator for consideration of the need for a referral for a full and individual evaluation or other services.
- 8) If a concern about a student is identified through screening procedures or through a review of records, the public education agency shall notify the parents of the student of the concern within 10 school days and inform them of the public education agency procedures to follow up on the student's needs.
- 9) Each public education agency shall maintain documentation of the identification procedures used, the dates of entry into school or the notification by parents made pursuant to subsection (D)(5), and the dates of screening. The results shall be maintained in the student's permanent records in a location designated by the administrator. In the case of a student not enrolled, the results shall be maintained in a location designated by the administrator.

		<p>10) If the identification process indicates a possible disability, the name of the student shall be submitted to the administrator for consideration of the need for a referral for a full and individual evaluation or other services. A parent or a student who has reached the age of majority may request an evaluation of the student. For parentally placed private school students, the school district within whose boundaries the nonprofit private school is located is responsible for such evaluation.</p> <p>11) If, after consultation with the parent, the responsible public education agency determines that a full and individual evaluation is not warranted, the public education agency shall provide prior written notice and procedural safeguards notice to the parent in a timely manner.</p>

 - c) Other health impairment: verification of a health impairment by a qualified professional.
 - d) Specific learning disability: a determination of whether the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade-level standards, or intellectual development that meets the public education agency criteria through one of the following methods:
 - i) A discrepancy between achievement and ability;
 - ii) The child's response to scientific, research-based interventions; or
 - iii) Other alternative research-based procedures.
 - e) Orthopedic impairment: verification of the physical disability by a qualified professional.
 - f) Speech/language impairment: an evaluation by a qualified professional.
 - g) For students whose speech impairments appear to be limited to articulation, voice, or fluency problems, the written evaluation may be limited to:
 - i) An audiometric screening within the past calendar year,
 - ii) A review of academic history and classroom functioning,
 - iii) An assessment of the speech problem by a speech therapist, or
 - iv) An assessment of the student's functional communication skills.

		<ul style="list-style-type: none"> h) Traumatic brain injury: verification of the injury by a qualified professional. i) Visual impairment: verification of a visual impairment by a qualified professional. <p>8) The Department shall develop a list, subject to review and approval of the State Board of Education, of qualified professionals eligible to conduct the appropriate evaluations prescribed in subsection (E)(7).</p> <p>9) The multidisciplinary evaluation team shall determine, in accordance with the IDEA and regulations, whether the requirements of subsections (E)(7)(a) through (i) are required for a student's reevaluation.</p>
